

The Muslim Community in the Northland

The goal of the Islamic Center of Twin Ports (ICTP) is to build a community worthy of God's standard of being the "best nation raised from mankind, to enjoin what is right and forbid what is wrong and to believe in God" (Quran 3:110). The activities of the ICTP seek to nurture the best in everyone, encourage human virtues, fair character, justice for all and the pursuit of happiness in this world and the hereafter.

Center for Prayer

Both prophets Abraham (peace be upon him) and Muhammad (peace be upon him) established the mosque

as the center of activity and attention for the whole community.

The mosque is where the name of God is mentioned, the

source of goodness and faith, a place for prayer and a pillar of strength for the community. Today, the ICTP mosque holds the main Friday prayer in the Northlands of Minnesota, daily congregational prayers, *Taraweeh* and the community's bi-annual Eid prayers and celebrations. Be part of these efforts by contributing.

The ICTP mosque offers the only major congregational Friday prayer service and biannual Eid prayer services north of the Minneapolis-St Paul metropolitan area

Center for Community Education

The ICTP mosque holds weekly Sunday school for children to learn the Quran and other Islamic studies.

Every month, the mosque hosts speakers, shows educational videos and organizes other events

that benefit the community. Periodically, students from nearby universities and members of local churches and synagogues attend mosque activities to learn about Islam and Muslim culture. In 2009, for the first time, a "Quran Camp" was held in the Summer for both children and adults.

Center for Unity and Brotherhood

The mosque brings together diverse cultures in a blessed gathering of unity and brotherhood.
